Discover K9 Nose Work, the latest dog activity and sport that develops your dog's natural scenting abilities through fun and games. K9 Nose Work actually teaches the handler how to learn from the dog. It also allows scent-challenged humans a fascinating peek into the otherwise invisible world of scent that dogs inhabit.

Geared for dogs of **all shapes, sizes, ages, and training levels** - K9 Nose Work offers great rewards for both handlers and their dogs. By utilizing basic search-dog skills, the sport builds confidence, burns off mental and physical energy, and reinforces the bond between dog and handler.
